## Bargaining teams in place for OPS contracts

Delegates to the OPS central bargaining conference have elected their bargaining teams, one for the central OPS contract and one for Corrections.

The caption for the photo above identifies the Central/Unified team, made up of: seven regional representatives, one from each region; one Fixed Term representative; six category representatives, one for each except office administration, which has two; the Central Enforcement and Renewal Committee representative, chief negotiator, and OPSEU staff.

The Corrections Committee consists of seven regional representatives, one for each region, and staff. Photo will follow.

Election of bargaining committees is a two-step process. Regional representatives and the Corrections team were elected at the regional bargaining conferences on June 9. The Category and Fixed Term representatives for the Central/Unified team were elected at the June 23 central bargaining conference.

**OPSEU will serve the OPS employer with notice to bargain October 1.**
